

ROHIT JADHAV

AI & Data Science Student | Aspiring Data Analyst | Machine Learning & Web Development

Nashik, Maharashtra, India | rj8169552@gmail.com | 9403705380 | [LinkedIn](#) | [GitHub](#)

SUMMARY

Third-year Artificial Intelligence & Data Science student at Savitribai Phule Pune University (SPPU) with hands-on project experience in machine learning, data analysis, and full-stack development. Skilled in Python, SQL, and data visualization, with a strong interest in turning raw data into actionable business insights. Seeking a Data Analyst Internship to apply analytical and technical skills to real-world problems.

SKILLS

Languages: Python, Java

Data Science & ML: NumPy, Pandas, Scikit-learn, Matplotlib, Data Analysis, Data Visualization

Web Development: React, FastAPI, HTML5, CSS3, REST APIs

Databases & Tools: SQLite, Git, GitHub, VS Code, Vercel, Render

PROJECTS

GeoLet - Global Conflict & Trade Intelligence Dashboard | *React, FastAPI, Python, Data Visualization*

- Built a full-stack intelligence platform to track global conflicts, energy markets, and shipping disruptions in real time.
- Designed an interactive global conflict map with live data overlays and commodity/energy market tracking.
- Implemented trade route disruption analysis with a clean, glassmorphism-based UI/UX.

Election Outcome Prediction System | *Python, Scikit-learn, Flask, Pandas, NumPy*

- Developed an end-to-end machine learning pipeline to analyze historical election data and predict political party performance.
- Performed feature engineering on historical election datasets to improve model accuracy.
- Built an interactive web interface for querying model predictions and compared performance across multiple models.

AI Desktop Voice Assistant | *Python, Speech Recognition, NLP*

- Created a Python-based desktop assistant that executes system commands via speech recognition and NLP.

Hotel Management System | *FastAPI, JavaScript, SQLite*

- Built a full-stack application to manage room bookings, customer records, and administrative tasks with an API-first architecture.

EDUCATION

B.E. in Artificial Intelligence & Data Science

Savitribai Phule Pune University (SPPU) | Currently Pursuing - 4th Year

ADDITIONAL SKILLS & INTERESTS

Currently strengthening skills in Advanced Machine Learning Techniques, FastAPI Production Architecture, and Data Structures & Algorithms (Java). Actively interested in Data Science, Machine Learning, and Web Development, with a focus on building scalable, real-world applications.
